About me

I am a senior Pharmacy student. Throughout my journey, I have actively organized and delivered numerous educational workshops at Ardabil University of Medical Sciences, while serving as Secretary-General of its Scientific Association — roles that have shape my leadership, communication, and organizational skills, earning me the title of "the best student of the university".

Additionally, I am the founder, designer, and lead developer of [Quick Dose](), a mobile application that streamlines precise dosing calculations for pharmacy professionals and students.

Education

•Pharm D at Ardabil University of Medical Sciences, Pharmacy School   Jan 2020- Feb 2026

Volunteering-Activities

•Local president, IPHSA (Iran Pharmacy Student Association)   Mar 2023- Jul 2025

As the local president of the IPHSA at Ardabil University of Medical Sciences, I, along with my team, organized a variety of programs for pharmacy students during my two-year tenure in this role. These programs covered a wide range of areas, including both soft and hard skill development.

Despite the challenges, I gained extensive experience in teamwork, management, and planning—skills that have undoubtedly contributed significantly to my personal and professional growth.My active engagement and leadership in these activities also led to my selection as the university's Outstanding Student of the Year.
